## 2011 Magnolia Open and Atlanta Open To Participate in Solo Dance Series

**T**he 2011 Magnolia Open will be held on March 11 - 13 at The Cooler. Please extend a warm welcome to our officials, vendors, and guests.

**A**rea chairs will be contacting members this month to provide volunteer hours at the competition. We also need members to donate food for coaches' hospitality. Please be generous with your time and talent!

**T**his year we are participating in U.S. Figure Skating's new program, the Solo Dance Competition series, which is open to skaters in all three sections. The program is designed to create a fun, nationwide competitive venue for solo dancers that allows them the opportunity to qualify for a national event. Both the Magnolia and Atlanta Open competitions have been sanctioned for this exciting new series. Details are provided on page 2.

## Aiken Clinches Junior Men Bronze Medal

**Alexander Aiken's** agenda this month was ambitious: score two personal best performances at the U.S. Championships; cheer the Pittsburgh Steelers to a Super Bowl berth; medal at nationals. By Tuesday, January 23, he successfully checked off all three goals.

On Sunday, after skating his short program to "Children of Sanchez," Alex proclaimed it was "the best day of my life." Decked out afterwards in head-to-toe Steelers yellow and black, he credited the crowd's support for helping propel him to 61.78 points, a personal best.

(Cont'd from Page 1)

After Tuesday's program to "Once Upon a Time in Mexico," he was ecstatic. "I felt good. It was a personal best for me again," he said. "Each time, regionals, sectionals and nationals, I improved. I thought my performance was good, and the crowd was great."

"Great" was an understatement as announcer Ann O'Keefe thanked the sweepers for clearing the mass quantities of stuffed animals and gifts that rained down on the ice following a free skate that earned him 118.16 points. He landed six triple jumps, two double Axels, and three combination jumps, earning positive Grades of Execution on all but one element.

"I've never felt that confident in my training," he said about his performance. "It worked. I really enjoyed the program."

Alex attributes most of his improvement to preparation and dedication. He visualizes his programs down to every step, jump, arm movement, turn, and spin. Training in Charlotte, NC for the past 10 months under former Olympic silver medalist Paul Wylie, he next intends to prepare for the final level of his skating career.

For now, he is basking in the glory of his accomplishments. "I skated out of my mind, and my Steelers are going to the Super Bowl," he said.

Photos of Alex are provided on page 7.

## National Solo Dance Series at Magnolia Open

(Cont'd from Page 1)

### How To Participate

1. You must sign up on the USFS online Registration Form to be a part of the 2011 Solo Dance Competition Series. There is a \$10.00 registration fee.
2. You will receive a confirmation e-mail containing your Solo Dance Competition Series number to use when registering for competitions.
3. Between Feb. 1 and March 1, 2011, you must complete the online Competition Selection Form.
4. Register for each of the non-qualifying competitions you selected on the Competition Selection Form. You are responsible for signing up for the events on your own.
5. U.S. Figure Skating will receive the results from each of the series competitions and will notify you of your standings.
6. The top six skaters in each level and section will be invited to advance to the National Solo Dance Championships in Colorado Springs, CO in September 2011.

### National Solo Dance Championships

The top six skaters from each section in each level (preliminary, pre-bronze, bronze, pre-silver, silver, pre-gold and gold) will advance to the National Solo Dance Championships. Each level at the National Solo Dance Championships will consist of 18 skaters.

Each level will be split into two qualifying rounds, with the skaters competing two dances within their level. The athletes finishing in the top four in each qualifying round will advance to the championship round, where they will compete the final dance(s).

# Where are they now?

## elizabeth WRIGHT-JOHNSON

I began skating at age 2 ½ as a form of physical therapy to strengthen my inward-turned feet. My parents decided on skating because my grandfather was a national level speed skater in Canada and later Detroit. I skated in Atlanta for approximately 10 years at Parkaire Olympic Ice. Around 1980, I began taking from Susan (Pearce) Dabney, and that is when my love for skating, competitions and travel began. By 1985, I moved to Denver, CO to work with world renowned skating coach, Don Laws. While always a consistent free skater and strong (school) figure skater, I needed more exposure to national level skaters on a daily basis.

In 1988, the International Skating Union voted to remove school figures, my strongest event, from competition. While the change would not go into effect for another year or two, it was a pivotal point in my life. I had two choices: continue skating against strong free skaters Kristi Yamaguchi, Nancy Kerrigan, Tonya Harding, Jeri Lynch, Jenni Meno and Tonia Kwiatkowski or further my education. A college education was a sure “win,” so I enrolled at the University of South Carolina for 1- ½ years, then transferred and earned a B.A. in journalism from the University of Georgia in 1994.

Kristi Yamaguchi and Elizabeth

The highlights of my skating career include a 3<sup>rd</sup> place finish at the U.S. Championships (novice), two trips to the U.S. Championships at the junior level (5<sup>th</sup> and 6<sup>th</sup> place finishes), a 6<sup>th</sup> place finish at the World Junior Championships in Brisbane, Australia in 1988 and numerous sectional and regional championship wins from the intermediate through senior levels.

Following college, I traveled around the United States and Canada as a consultant for Delta Delta Delta fraternity. After my year of travel for Tri Delta, I worked with a sports marketing company before discovering Don Laws had moved to Atlanta to coach. After a six year hiatus from skating, I began working with Mr. Laws. I was fortunate enough to have a terrific group of skaters to coach and loved taking them from group classes through many levels of USFS tests. Developing music for skaters, choreographing programs and moves in the field were my joys as a coach.

In May, 2001, I left coaching to branch out into the world of judging. Judging was a fabulous transition from coaching, providing me a way to stay involved in a sport I loved so dearly coupled with time to stay at home with my daughter, Megan. Due to my own skating achievements, I moved quickly through the judging levels and participated in many great competitions and seminars throughout the country.

During my time as coach and judge, I held numerous positions on the board of the Atlanta FSC and U.S. Figure Skating. It was during my year as president of the club that U.S. Figure Skating requested that we host the 2007 Eastern Sectional Championships. The board voted unanimously that the club should host – if I would chair the event. With a truly amazing volunteer committee, we hosted one of the most successful sectional championships in years. All the black club jackets worn around the rinks of Atlanta were fruits from those championships.

Audrey Kate, Megan and Elizabeth

After chairing Easterns, I resigned my position as skating judge and had another daughter, Audrey Kate. Now my life involves (like many skating moms) driving my children from home to school, school to sport, sport to study halls, study halls to late dinners and late dinners to bed time. I am currently taking a two-year Bible course called Bethel Intensive and will graduate in May. I have participated in the Athens to Atlanta 87 mile in-line skate race, completed many 10Ks, 3 half marathons and even a sprint triathlon last August. My next athletic endeavor will include a duathlon in April (the swim aspect of triathlons does not agree with me. I like my water frozen!).

My husband participates in one full Iron Man race per year and will be heading to Utah in May for his next race. Our eldest daughter is in the 4<sup>th</sup> grade at Heritage Preparatory School, is a competitive swimmer at Dynamo and enjoys ballet classes. If you asked our 3-year-old daughter what she does she would say, “I go to school, I swim, I bike, I run and I do ballet.” She seems to be following all of us in one way or another. My stepson, Gregory, is a freshman at Valdosta State and loves his independence. I look forward to how skating will reenter my life at some point in the future. For now, I love being wife, mother, CEO, CFO and AA our family’s crazy, fun life!

# SPOTLIGHT SKATER

## Maya Neel

### What made you decide to start skating?

When we lived in Paris, France, you could always find little skating rinks in the squares. Every winter my parents would take me skating. When we moved to Georgia, there weren't rinks everywhere during the winter. Since it had been one of our traditions, my mom found The MIC and took me skating and signed me up for group classes.

### What keeps you motivated to continue skating?

I love the rush you get when you go fast and when you are able to perfect the elements. I like giving it my all and being able to be proud of myself no matter what happens because I know that I will always work hard.

### What is your weekly training regimen?

I skate four mornings/week. I also have a personal trainer and work out for an hour two nights/week.

### What are your favorite and least favorite elements?

My favorite element is a sit spin because I can just spin for as long as I can. My least favorite is the spiral because I am not flexible.

### Favorite music/program.

My favorite program is my long. The music is from "Ice Castles" and is made up of classical, waltz, and rock. The different types of music allow me to have more fun skating to the program.

### What is the most memorable, thrilling and/or embarrassing event of your skating career?

I skated my first competition in the blue public skates.

### Tell us about your school and extracurricular activities.

I attend Alan C. Pope High School. Math and literature are my favorite subjects, and I play the violin. I volunteer for Habitat for Humanity, Meals on Wheels, Parents Night Out babysitting, and Pope's Shopping with a Greyhound.

### Who is your favorite skater?

My favorite skater is Yu- Na Kim because she is a great spinner and jumper, but also does everything with such grace. Even though the elements are so difficult, she makes them look so easy. I admire that she was able to go out and skate her best under all of the pressure of both being at the Olympics and all of the expectations from her country to win the gold.

### If I weren't a skater, I would have been

A tennis player.

### Best advice you have ever received?

You cannot be disappointed unless you have given it your all.

### Whom do you admire most?

I most admire my dad because he is always there for me when things are either good or bad. My dad was always like a soccer mom to me. He always took care of me and made sure I had everything I could have ever wanted.

### Tell us about your family.

I'm an only child and have 2 cats- Tigger and Misty.

### What are your future goals?

I hope to skate for as long and as hard as I can. I hope that my drive and love for skating will take me as far as I can go. I hope to keep all A's through high school and go to a good college. Wherever I go, I will always find a rink to keep skating. After college, I hope to maybe either become a journalist or a lawyer.

### My three favorite things are

Laughing, spending time with my friends and family, and school.

**Favorite word:** *Happiness*

**Least favorite word:** *Hate*

**What turns me off:** *Laziness*

**Favorite quote:** "When you've flown as hard as you can, you're halfway there."

~Legend of the Guardians: The Owls of Ga'Hoole

**Favorite book:** *Right now it is I Am Number Four*

**Favorite movie:** "Les Choristes"

**Favorite song:** "Angels on the Moon" by Thriving Ivory

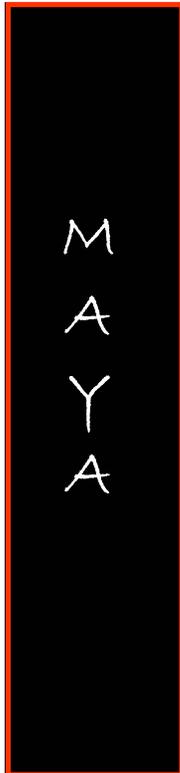

**Sound I love:** *The edges of my blade gliding on the ice when I land a jump*

**Sound I dislike:** *Whining*

**I would never want to be:** *Accountant*

**Three words that best describe me:** *Caring, energetic, and fun.*

**If I were stranded on a desert island, I would have to have:** *A stack of good books, my Ipod, and plate of pasta.*

# VOLUNTEER Movers & Shakers

## Atlanta FSC Membership Chair - Anna Marie “Champion Off Ice”

Many skaters hope to be future “Champions On Ice,” but the Atlanta FSC already has one “Champion Off Ice.” In her short tenure as a volunteer, Anna Marie Champion has rapidly become one of the club’s most valuable assets. Her strong organizational skills, cheerful personality, and willingness to be involved has led to several key appointments within the club: Membership Chair, Board Member, Registration Desk Chair for competitions, and recently, Chair of the Spring Spectacular ice show. In addition, Anna Marie never fails to pitch in for whatever is needed at club activities. For example, at the holiday ice show on December 18, she served as the liaison for ticket distribution when no one else was available. The fact that Anna Marie is a home school mother who manages a very busy family schedule is also testament to her efficiency and hard work. She is truly a “champion off ice!” In recognition of her dedication as Membership Chair and for other service, the Atlanta FSC gratefully acknowledges Anna Marie as our feature volunteer for February.

~ Peggy McCarthy

Anna Marie, Morgan and Katelyn

### **When did you join the Atlanta FSC, and how did you first become involved as a volunteer?**

*My family moved from Birmingham, AL to Cumming, GA in November 2007 and joined the club shortly after the move. My daughter started skating in Birmingham, and we were members of the Birmingham Figure Skating Club. I served on the board and really enjoyed interacting with the members and their families. My daughter skates during the day when no families are at the rink so it has taken me a while to get to know families. Last year I was asked to help with the Magnolia, and Kim Leftwich took me under her wing and showed me the ropes. I have been helping ever since. After taking over the membership chair position I have really enjoyed talking with and meeting so many wonderful people and families here in Atlanta.*

### **Describe your past and current positions, as well as any other contributions to the club.**

*I co-chaired the registration desk for Magnolia Open in 2009 and co-chaired coaches hospitality in 2010. This year, I am chairing the registration desk for the Magnolia, chairing the spring ice show, and serving as the membership chair for the club.*

### **Why do you stay involved as a volunteer with the Atlanta FSC?**

*I became involved with the Atlanta FSC because it is a huge part of my 10-year-old daughter’s life right now. I really want to support her and learn more about skating. I quickly learned that being involved has helped me to get to know so many people who share the same interest that I do. I have really enjoyed making new friends here in Georgia and look forward to meeting new people at the rink each time we go. I have learned that the club is a big family if you open up and let it.*

### **Tell us a little about your background, education, profession, hobbies, and/or family.**

*I went to the University of Alabama and received my masters in HR and worked for 10 years in human resources with Lowe’s Home Center. I am married to Wesley Champion, and we have twin girls. After the girls were born we decided I would stay home because they were born so early and needed so much intervention in the early years.*

*I also co-founded a non-profit organization that is a national organization now. It is called “Reaching for the Stars. A Foundation of HOPE for Children with Cerebral Palsy.” This foundation has been a rock for me. We do education, advocacy, and research for children with CP. I work with doctors and hospitals all over the world.*

*I enjoy home schooling Katelyn, and her sister, Morgan, goes to Coal Mountain Elementary School in Cumming. My family life during the week is crazy. Katelyn skates during the day, and in the afternoon we go to cheerleading and horseback riding for Morgan. On the weekends we enjoy having family game nights together and cooking out with friends.*
